### Dates to Remember

**May 24 - 27**  
*Parents Week*

### Focus Book of The Month

**Wally the Walrus**  
By  
Lakeshore

This book has beautiful and colorful images of the beach: sand, little animals, boats, etc. A great way to come in contact with the beach environment and summer. The kids will learn vocabulary like crabs, water, sand, waves, wet, pale, and shovel.

## Infant School

**April**

Our children enjoyed working with the theme “Means of Transportation”. They are able to identify the sounds of cars, motorcycles, and trains. They are also capable of discriminating means of transportation according to their travel space.

They learned new words that were soon incorporated to their daily vocabulary. Imitating movements and sounds was really fun, and a fantastic way to practice using our gross motor skills.

We learned new poems and songs related to our focus book. This song was their favorite during the month:

(Same tune as Twinkle, Twinkle, Little Star):

**Take a bus, or take a train  
Or take a boat or take a plane,  
Take a taxi, take a car.  
Maybe near or maybe far  
Take a space ship to the moon  
But be sure to come back soon.**

We had fun during our Easter Parade walking around the school wearing spring pastel colors and modeling nice handmade hats. Working with numbers was an enriching activity to perform. We counted with enthusiasm. We had a wonderful month!!!!

**May**

As we head into the final stretch of the school year we are going to be talking about “Fun Summer”. They will love learning all the fun things they can do at the Beach. We will explore shells, the beach and summer games and activities. We will also talk about what kind of weather is favorable to enjoy the beach. Safety at the beach will also be essential in our discussions. The children will have opportunity to share their favorite activities and songs that we have explored throughout the year.

We will be really busy preparing a special surprise to commemorate Mother’s and Father’s Day. Details of this activity will soon be announced. We are certain you will have a great time!

**Infant I**  
**Peter Rabbit**

**This  
Summer...**

### Summer Tips

Remember that even the smallest child needs sunscreen on when they go outside. It doesn't take long for a child's skin to be damaged by the sun's rays.

It's very important that your children get enough water in the summer. They don't realize that all that playing is draining their system of water. Sodas and sweet drinks don't do as good a job replenishing the body like water. Keep a pitcher in the fridge for a quick cool drink.
