From: Cesar Groussett
Subject: Social Studies
Grades: 7th and 8th
Date: August 17, 2011

Dear Parents and students:

I would like to give a warm welcome back to all students returning to Saint George School this year and a special welcome to our new students. I hope you have come with an open and inquiring mind to begin your social studies course this year. You will see how events of the past have shaped our world today as well as identify the geographical location of certain regions.

My name is Cesar Groussett and I have taught all academic subjects in the state of Texas. I have a Bachelor's Degree from the American Intercontinental University and I am certified to teach any subject from fourth through eighth grades. I enjoy traveling and have visited various places in Europe as well as lived in Dubai for almost three years. I also enjoy singing, listening to music and watching baseball.

My objective is to make the class interesting and stimulating and, hopefully, relevant to some of your own experiences. To facilitate this objective, I expect all students to give forth their best efforts at all times and participate in class discussions. Please come to class well prepared and be willing to work hard in order to achieve the objectives of the course and, of course, to make a good grade. The accompanying course outline will give students an idea of the units to be studied and their proper sequence. Be prepared and read all assigned material inside and outside of class so that you may participate fully in class and do well on exams. I hope you will find all projects fun and interesting as my goal is to make your experience in my class fun and educational.

I look forward to a productive and stimulating school year.
