Dear Students and Parents,

As a new member of the Saint George family I have already been overwhelmed by how wonderful and welcoming people have been and I look forward to meeting so many young individuals who are going to be, among many things, great leaders, thinkers, creators and carers of the future.

As your new Upper School IB English Diploma teacher I am privileged to see students at the cusp of greatness and change and while I am an educator, passionate about enriching student experiences, I am also an observer and learner of what students can bring to the classroom. My teaching career spans over seven years, most of that time based in England but also up until recently two years in Colombia, with experience teaching other subjects such as Drama, Literacy, Citizenship, Media and Film.

It is my hope that you constantly challenge yourself, take advantage of the resources at your disposal, become open to new experiences, ways of thinking, are more accepting and appreciative of other people's views and cultures, contribute as much to your own learning and find something which excites you within this course. For parents, I look forward to working alongside you in helping guide your children into becoming citizens of the future.

This is a wonderful year for all of us, filled with many opportunities, and I am delighted and honoured to see you blossom and take the important journey which will play a pivotal role in your future. Know that you will not be alone in this; I will be here to listen, support, defend, take action and help whenever and wherever I can.

All the best for this adventurous year ahead!

Yours Sincerely,

Miss L. Canham
